Your Responsibilities

Ice Hockey Officials

IHONC

Northern Connecticut

- ***Do not*** shorten period lengths for periods one and two
- Shorten period three if necessary by using half of the remaining ice time as the period time
- ***Do not*** play running time
 - Running time will lead to bad situations
 - Last two minutes must be running time anyway
- If your schedule does not agree with the period length at the game, do the game length and notify the commissioner
